

## Mission Statement:

---

**Our mission statement**, which reflects Clinton Christian School's vision, seeks to support those parents whose passion and responsibility is to train their children with a God-centered worldview. We achieve this by creating an enrollment process that connects us to parents with similar spiritual and academic goals. That goal is to inspire and equip students for a lifetime of service to the Lord Jesus Christ. For that reason and along with our school's commitment to excellence in academics, it is imperative that families understand the rigorous review process that goes into selecting well-behaved and self-disciplined students.
